

## Kramer Ausenco Brothers launch 40<sup>th</sup> Anniversary strips

The Kramer Ausenco Brothers Rugby Football Union Club in Port Moresby today (250414) launched new strips for the 2014 season.

The uniquely designed jerseys, shorts, socks, singlets, polo shirts and caps, are part of the Club's 40<sup>th</sup> Year Anniversary celebrations.

The images on the clothing tell the story of the Brothers' journey. The *bilum* for example, which appears on the back of the senior jerseys and on the side of the junior jerseys, recognise the important role women play in the Club - the mothers, wives, daughters and sisters – and their time and support.

The Club takes the field this weekend with their fresh look, commemorating 40 Years of Rugby. Last month, Brothers hosted a Sevens Invitational Tournament at Monier Park which entertained capacity crowds, and will be holding an anniversary ball on May 9, also as part of their celebrations.
