

Factsheet

LDS Badili

Public Sector and Urban Development

Project Title

LDS Badili

Location

Badili, Port Moresby, PNG

Client

The Church of Jesus Christ of Latter-Day Saints (LDS)

Project Type

Meeting House (Church)

Year Completed

2010

Project Description

Client initiated this project to upgrade the Meeting House recently constructed and had been in use for 3 years. They wanted to upgrade;

- Storm water systems
- Car parks
- Landscape
- Access Road leading up to the Meeting House
- Reinforced concrete pavement
- Concrete steps
- Footpaths
- Building works (essential alterations)

Kramer Ausenco was commissioned by the Client to execute the Civil and Building Works. We designed and documented the additional works and then awarded the contract to a Contractor and supervised construction.

Project Role

- Civil Engineers
