Maritime

Project Title

Queen Salote Wharf Cradle Upgrade

Location

Maufanga, Kingdom of Tonga

Client

Ports Authority

Project Type

Analysis of Slipway Cradle

Year Completed

2012

Project Description

As requested by Ports' General Manager, Kramer Ausenco (Tonga) Ltd has carried the structural assessment at the existing Slipway Cradle at QS Wharf.

Project Role

- Visible inspection of the existing steel framed cradle for any structural defects or obvious sign of distress.
- Provide recommendations on the strengthening slipway cradle and reporting.
