Bridge Inspection

---

**Location**

West New Britain, PNG

---

**Client**

New Britain Palm Oil Ltd

---

**Project Type**

Truss Systems

---

**Year Completed**

2010

---

### Project Description

NBPOL commissioned Kramer Ausenco to inspect and prepare a report for the upgrade of two major existing bridges on the New Britain Highway.

The two bridge sites were inspected and site reports completed. A structural analysis and documentation was compiled and sent to Client.

### Project Role

- Civil Engineers
