

## **Kramer Ausenco Vanuatu Contributing to the Community in India**

Kramer Ausenco (Vanuatu) Ltd in partnership with GRM International were the Procurement Agent for the Millennium Challenge Account - Vanuatu Project. This was a five-year program funded by the USA aimed at facilitating poverty reduction through economic growth in the country (project costs ~USD 66 Mil).

The program was successfully completed in August 2011. In marking this milestone KA & GRM has donated AUD 1,000 to Shalom Home India in recognition of the Team Leader, Geoff Hales efforts and contribution to the Project.

Funds donated to the orphanage will help cover the costs on an extra room in Shalom Homes for sick children to stay in and be cared for by widows.
