NPF Building Westpac Bank Office renovations

Location

Point Cruz, Solomon Islands

Client

Solomon Island National Provident Fund

Project Type

Commercial

Year Completed

2010

Project Description

Renovation of the Westpac Bank office

Kramer Ausenco was responsible for:

- Measuring up a detailed plan of office, showing the layout of tenancy partitions, internal partitions including doorways, columns, thickness of partitions, and identifies those partitions which are floor-to-ceiling, and those which do not go to the full height of the ceiling
- Drawing up "reflected ceiling" plans to show the exact size of the ceiling panels, and the location of air-conditioning registers and return air grilles and light fittings
- Checking both internal & external surfaces of the office and identify all damaged items that need to be

replaced or remedied and upgrade to its original condition

Total Floor Area

1230 sqm

Project Role

- Civil Engineers
