

Factsheet

Hides Waste Management Area URS

Resources

Project Title

Hides Waste Management Area URS

Location

Hides, Southern Highlands, PNG

Client

URS Australia

Project Type

Resources

Year Completed

2010

Project Description

URS Australia had designed a waste management facility for the Hides Waste Management Plans for Exxon Mobil.

Preliminary drawings encompassed Civil, Structural, Architectural and building works. Client wanted an independent consulting firm based in PNG with the local experience and knowledge to review the constructability of the designs.

Kramer Ausenco was engaged by the Client to review the concept preliminary designs with regard to the constructability with guidance of the local PNG Standards and Codes (Earthquake Code etc.).

Kramer Ausenco reviewed and commented on all the aspects and provided back to the Client.

Project Role

- Civil Engineers
